Aryan Patnaik

New Brunswick, NJ | (908) 699-0553 | apatnaik2005@gmail.com

aryanpatnaik.vercel.app | github.com/aryanpatnaik1 | LinkedIn

EDUCATION

Rutgers University-New Brunswick Expected May 2028

Bachelor of Science in Computer Science

Relevant coursework: Data Structures, Computer Architecture, Introductory Linear Algebra

EXPERIENCE

Bidgely | Software Engineering Intern Summer 2025

Platform Team | Bangalore, India

- Refactored Java logging code on the platform team to address excessive storage usage.
- Worked with engineers to improve the quality and maintainability of production code, using Git to track and manage changes.
- Used generative AI tools to help analyze existing code and support refactoring work.

PROJECTS

SMS Spam Detector | GitHub October 2026

Python, scikit-learn, Flask, HTML, CSS, JavaScript

- Trained and compared TF-IDF and logistic regression pipelines on deduplicated SMS data; achieved 97.4% accuracy and 0.898 spam F1-score on 1,035 held-out test messages.
- Built a Flask prediction API and JavaScript frontend with score display, an experimental uncertain category, input validation, and request error handling.

Personal Portfolio Website

- Designed, built, and deployed a personal portfolio website at aryanpatnaik.vercel.app.

SKILLS

Programming: Java, Python, JavaScript; coursework in C and OCaml

Web and machine learning: HTML, CSS, Flask, scikit-learn, TF-IDF, logistic regression

Development: Git, code refactoring, logging, debugging, AI-assisted code analysis

Foundations: Data structures, algorithms, recursion, searching, sorting, hashing

Productivity: Microsoft Word, Excel, PowerPoint

Languages: English, Hindi, Kannada, Odia

VOLUNTEER EXPERIENCE

Library Assistant Jun-Sep 2023

West Windsor-Plainsboro High School South, New Jersey

- Completed 40+ volunteer hours cataloging and organizing resources and supporting daily library operations.
